

APLNG ACCOMMODATION CAMP

ATCO delivered a full turnkey solution to accommodate 2,600 personnel on behalf of Bechtel Australia at Curtis Island, Queensland.

Modular construction provided time efficiency for the design, manufacture and installation of 650 double story accommodation buildings and support and recreation facilities.

Emphasis was placed on workforce satisfaction and numerous recreational facilities including a swimming pool, tennis court, beach volleyball court, three gymnasium, tavern, sports pavilion, and gold and cricket nets, were completed by ATCO.

PROJECT FEATURES

- ❖ In ground service reticulation, telecommunications (excluding active equipment) and detailed earthworks completed by ATCO.
- ❖ 122 lunchrooms, ice shelters, trauma centres, training centres, security hut and three large office complexes provided.
- ❖ All footings, awnings and buildings designed to C3 wind codes, BCA and QDC codes.
