Business Profile

ATCO Structures & Logistics (ATCO) is recognised as one of Australia's leading modular building providers.

With a history that dates back to 1947, **ATCO** has a reputation of delivering modular solutions and associated site services on time and on budget. **ATCO** has been associated with numerous projects that have been milestones in shaping Australia's industrial history. **ATCO** has developed into an internationally recognised brand that has operations within North America, South America, Middle East, Asia and Europe.

ATCO has a primary focus within Australia and has developed a network of offices and infrastructure in Townsville, Mackay, Gladstone, Brisbane, Newcastle, Sydney, Melbourne and Perth to meet the ever changing construction and mining industry landscapes presented.

Having built one of Australia's largest rental fleets of modular buildings, **ATCO** are capable of mobilising project needs quickly. **ATCO**'s strength lies in their experience and ability to deliver when it counts. **ATCO** prides itself on providing Australian made products that are built to stand up to the demands of the rigorous environments encountered in remote Australia.

Defining our business through superior service, **ATCO** has retained and developed its workforce who are focused on delivering a multitude of project disciplines, whilst maintaining the core business ethics of professionalism and transparency.

ATCO has a diverse customer base and has expertise in delivering products to the construction, mining, education, oil and gas and commercial industries, with the ability to customise building design to suit a specific project requirement. **ATCO** has the expertise and capacity to deliver a rapid, full turnkey solution anywhere, anytime it is needed.

"Their adherence to safe processes and site requirements, combined with brilliant work ethics and pride in workmanship is a rare thing to find. I have no hesitation in recommending ATCO to anyone who requires this service."

Shell Refining (Australia) Pty Ltd

Standard buildings / Site Plan

- **Locker Rooms**
- **Mining Camps**
- **Retail Stores**

Please feel free to contact ATCO regarding any of the above mentioned products.

"ATCO were able to meet an extremely tight timeframe imposed by Melbourne Water for the delivery of the project offices and have positively responded to any requests by Melbourne Water to attend to site for minor issues. The site accommodation has been well received and the project was completed in a safe and efficient manner. I have no hesitation in recommending ATCO for any large or small project you may be considering them for." Melbourne Water

"I have been associated and dealing with ATCO Representatives from the start of 2003 up to the present day and within my relationship with ATCO staff we have achieved many projects such as installations of classrooms, sourcing office solutions and relocating buildings. These works have been carried out to an excellent standard and efficiently always finishing the tasks on time. I have no hesitation in recommending ATCO Structures Staff and the work they do to any prospective company wishing to contract them." Westside Christian College
