

Timbrell Park Amenities

City of Canada Bay

Upgrade of Community Sport Facilities

The City of Canada Bay engaged ATCO to demolish and replace their 1970's brick amenities building located at Timbrell Park in Sydney's inner west.

The project brief was to provide a contemporary, high quality prefabricated facility that would meet the needs of the local community, sporting clubs and various park users as a whole.

PROJECT FEATURES

- Two independent buildings connected by common walkways and community BBQ area.
- 325m² Multipurpose building consisting of large community sport storerooms with roller door access, public toilets, and large sports administration office with floor to ceiling curved glass windows.
- 170m² Amenities building including sports change rooms for home and away teams, referee rooms, first-aid facilities, and canteen with commercial kitchen fit out.
- New access stairs, pathways and ramps with large sections of landscaped and turfing areas
