

GORE HILL OVAL

ATCO delivered a functional new pavilion for Glascott Landscape and Civil to support their redevelopment at Gore Hill Oval.

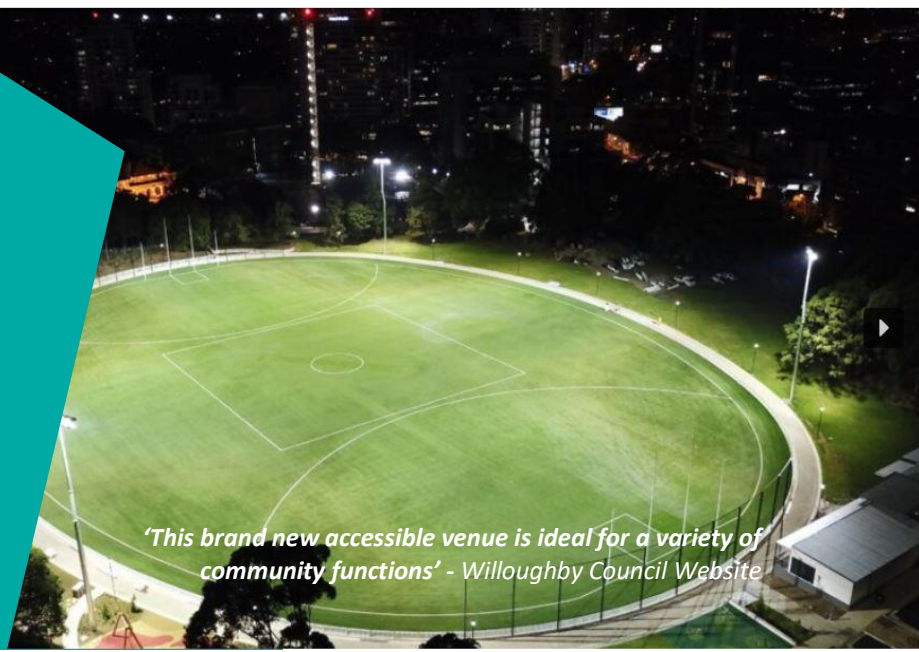

Funded by the Federal Government and local council, this project improves community sports facilities and open space in the City of Willoughby LGA.

The building compound is configured to provide ideal spaces for community use; meetings, conferences and seminars, social functions and parties.

ATCO completed manufacture of the facility in a timely 12 week period, with installation completed in 4 weeks.

PROJECT FEATURES

- ❖ 60 x 11m function and amenities pavilion - 660m² of multi use space.
- ❖ Glass sliding doors, full height windows to provide full views of sporting grounds.
- ❖ Electric roller shutters to separate and delineate changeroom areas.
- ❖ Facility designed to step with the contour of existing terrain.

'This brand new accessible venue is ideal for a variety of community functions' - Willoughby Council Website
