

VICTORY PARK CLUBHOUSE

ATCO collaborated with the Sunshine Coast Council after the future of the tight knit netball community in Woombye was unknown due to existing clubhouse facilities being condemned.

ATCO provided a solution that was cost effective and aesthetically pleasing for the community. The new building includes grandstand seating, universal access, a designated referee space, canteen, meeting room, and storage facility.

The project was completed from design to handover in 10 weeks, to the eagerly awaiting sporting community. It provides a community base and will remain beneficial for years to come.

PROJECT FEATURES

- ❖ 190m² of functional recreation space.
- ❖ Insulated roof over the raised concrete common area.
- ❖ Spacious social area with access to commercial kitchen integrated with communal spectating and entertainment space.
- ❖ No penetration installation solution, designed due to the previous use of the site as landfill.

“Netball in the hinterland will continue to go from strength to strength with the new clubhouse at Victory park in Woombye.” – Sunshine City Council
