ATCO

ROBUST MATERIALS | ENERGY EFFICIENT | SOCIALLY RESPONSIBLE | NATURAL LIGHT

ATCO OPERATES THROUGHOUT AUSTRALIA PROVIDING FULL TURNKEY, DESIGN LEAD, END TO END SOLUTIONS.

We work with state government departments, local & regional councils, project management firms and sporting clubs to provide sports and recreation **facilities that bring communities together.**

ATCO has been the **market leader for over 70 years** in the design, manufacture, supply, transport and install of the highest quality modular buildings. As such, the greatest benefit of **working with ATCO means you have complete confidence in your infrastructure solutions provider.**

ATCO's integrated project delivery efficiently guides you through the design, approvals and build process **allowing you to satisfy all relevant stakeholders.** Simple, open, transparent. ATCO's solutions focused approach makes your vision a reality.

Thoughtfully designed to handle the rigour of the intended environment, ATCO's robust modular facilities are environmentally responsible and deliver better value for communities over the long term.

ENVIRONMENTALLY FRIENDLY AND SOCIALLY RESPONSIBLE. AT ATCO, WE CARE ABOUT THE COMMUNITIES AND LOCAL ENVIRONMENTS WE WORK IN.

ATCO has developed long-term relationships to help **build strong, prosperous communities** – providing opportunities, training and investment to ensure local areas benefit.

Maximising fresh air and natural light, our eco-friendly **buildings are designed for comfort.**

We offer water and energy saving measures, incorporating features such as rainwater tanks, heat pumps LED lighting and solar power.

ECONOMICAL AND UPMARKET DESIGNS

ATCO CAN DELIVER FUNCTIONAL OUTCOMES AT A REDUCED INVESTMENT TO SUIT YOUR BUDGET.

We provide **relocatable or permanent** buildings, enabling flexibility for economical solutions or facilities with the same look, feel and performance as traditional building methods.

With the **flexibility of bespoke or multiple standard designs** let our specialist team provide you with a wider choice to meet your individual needs.

PERMANENT OR RELOCATABLE

ATCO's offsite manufacture methodology allows up to 90% of building to be completed in our factory, enabling site preparation to be undertaken concurrently.

Manufacturing in a controlled environment increases quality, reduces wastage and the impacts of inclement weather.

Our modular approach enables design flexibility to suit existing conditions such as sloping terrains, overland water flow and soft or contaminated subsurface conditions.
