3,500p Construction Camp | Bechtel – Technip JV

ATCO Structures & Logistics is an *industry leader* in innovative, scalable modular facilities and has provided solutions throughout Australia since 1961.

Whether it's a small fly camp for a few, or major camp facilities for a large workforce, we provide the best accommodation and recreation solutions.

Hope Valley, Perth | Manufacturing Facility

ATCO's accommodation solutions are available for purchase or hire and can be rapidly deployed to even the most remote location.

Servicing the oil and gas, mining and resources markets, we balance speed and cost effectiveness with workforce comfort and operator ease.

Modular construction is the smarter, faster, superior building process that delivers significant construction program benefits, particularly in regional, often hard to access environments found in Australia.

"Always striving for the highest standards and paying attention to the smallest detail."

- ATCO founder, S.D. Southern

WEST ANGELAS 600P CONSTRUCTION VILLAGE

Design, construct and install of a 600p construction village, with central facilities including kitchen diner, laundries, ablution, linen storage, and recreation facilities including tennis court and an under roof multi-purpose sports court. ATCO designed the village to facilitate a 'plug and play' approach for the village.

OSTWALD EUROMBAH CREEK 400P CAMP

Manufacture, design and transport of 100 accommodation units with self-contained ensuites, kitchen diner, recreation, gymnasium, internet hubs, laundries and toilet facilities. ATCO completed the regional installation in the Surat Basin, QLD.

LNG PROJECTS, QUEENSLAND

Three separate accommodation village projects across Curtis Island; APLNG, GLNG and QCLNG. ATCO completed the design, construct and install of over 3,000 double storey rooms with associated central facilities and sporting facilities including swimming pools, beach volleyball courts and tennis courts.

KARRATHA BAY VILLAGE

104 double storey 4p accommodation units, laundries, verandas and stairs were manufactured and installed by ATCO, using high specification materials to exceed the standard camp aesthetic. Custom engineered footings were designed and installed insitu.

TEMPORARY CAMPS

ATCO is a market leader of temporary workforce accommodation, where the focus is on rapid deployment without forfeiting functionality and comfort.

We are a single source provider for temporary camp solutions, with facilities that include the equipment required to operate and cater for a construction or fly camp type workforce.

Our buildings can be fit with electrical and plumbing connections to allow quick connection on site, without compromising quality.

600p Construction Camp | Rio Tinto

RAPID DEPLOYMENT | TEMPORARY HIRE

194p Construction Camp | Thiess

ATCO's versatile, durable modular buildings for hire include:

- ✓ Accommodation rooms
- ✓ Laundries
- ✓ Kitchen / Kitchen diners
- ✓ Gymnasiums
- ✓ Recreation rooms
- ✓ Linen stores
- ✓ Administrative facilities

These facilities are easily scalable, allowing rapid expansion and contraction of room numbers and supporting facilities during construction versus operational phases.

PERMANENT VILLAGES

At ATCO, we take pride in our ability to provide quality, Australian made accommodation solutions on time and to budget, whilst considering the lifestyle provided to the workforce.

Whether it be 200 or 2,000 rooms, our accommodation solutions are built with more modern convenience than ever before, ensuring worker comfort and well-being.

ATCO can provide a solution to suit any specific workforce requirement. Our team can deliver a village solution including accommodation rooms, recreation amenities including gymnasiums and multi-purpose sport courts, dining facilities, common meeting areas and administrative areas.

Water and waste services, swimming pools, village lighting, car parks, and landscaping are village components that we can provide, delivering a complete turnkey village solution.

GLNG Accommodation Village | Bechtel

Clermont Coal | Rio Tinto

“ATCO has consistently delivered high quality facilities on time, safely meeting our increasingly challenging schedule needs. The professionalism and commitment of ATCO’s workforce to successfully meet demanding project milestones ... is exemplary.

- Chevron Australia

CUSTOM SOLUTIONS | FASTER BUILD | SUPERIOR QUALITY

Eliwana Permanent Village | FMG

Bay Village | Multiplex

SMARTER. FASTER. SUPERIOR.

ATCO's experience and services means:

- ✓ Efficiency and speed,
- ✓ Understanding and experience with local regional areas,
- ✓ Tried and test safety procedures,
- ✓ Stringent quality control,
- ✓ Cost efficiencies.

ATCO's modular solutions are manufactured in accordance with these Australian Standards:

- ✓ Safety Management System Certification - AS/NZS 4801:2001 #1134
- ✓ Quality Management System Certification - AS/NZS 9001:2008 # 531
- ✓ Environmental System Certification - AS/NZS 14001:2004 #3579

CAPABILITY & EXPERIENCE

ATCO has the expertise and capacity to deliver a ***rapid, full turnkey solution*** anywhere, anytime is it needed to all its markets, and has been involved in several key, milestone projects during its extensive >55 year history in Australia.

THIESS JORDAN 250P CONSTRUCTION CAMP

Mixture of new manufacture and used buildings utilised, to provide a turnkey solution to accommodate 250 people including kitchen diner, gymnasium, laundries, camp administration facilities. An impressive undercover BBQ area was also completing, providing a central meeting and relaxation point.

WHEATSTONE CONSTRUCTION VILLAGE EXPANSION

Turnkey solution for a 2,000p construction village including central and site support facilities. ATCO met the strict project timeframe required to meet the overall project critical path. ATCO was awarded Subcontractor of the Month, three months in a row.

ELIWANA 'KARTAJIRRI' PERMANENT VILLAGE

Turnkey solution for a 1,000p permanent village which embraced the natural vista of the greenfield site and its surrounds. The project was completed on two work fronts and required precise inventory and logistics managements, in order to meet the separable portion and project schedules.

This village included high quality leisure including an AFL field, swimming pool, multi purpose sports court which allowed for cricket, basketball and netball, and two fitness studios contained within the large scale gymnasium complex.

PROJECT SPOTLIGHT

Quality of life and comfort of accommodation solutions is paramount to ensure retention of a quality, capable workforce.

ATCO helps to achieve this objective by thought partnering on sustainable design, modern convenience, and engaging spaces to assist in creating comfortable living areas. We have the capability to provide optimised turnkey solutions which represent time and price efficiency whilst also balancing workforce comfort and satisfaction.
